...Changing lives

Attendance & Lates
Whole school: **94.9%** and **34 lates**
We need to work harder on our attendance and get back up to 96%.

Our attendance target for the year is 96%
Well done to **year 4** for winning this week's attendance and for no lates!

Year 1
96.3% & **6 lates**

Year 6
89.7% & **4 lates**

Year 2
96% & **7 lates**

Year 3
95.2% & **7 lates**

Year 4
98% & **3 lates**

Year 5
94.3% & **7 lates**

Attendance and Lates:

Doors **open at 8:50am** and **close at 9am**. Any children who arrive after this time have to report to the main office and will be registered late. **The law requires pupils to attend school regularly and this includes arriving on time each day.** If you have any concerns about your child's punctuality please talk to us.

Give your child the best possible chance to succeed – ensure they arrive on time each day!

Upcoming Dates

- Sports day - 21st June.
- Sports day contingency - 24th June.
- Rock Challenge - 26th June.
- Parent Partnership Challenge– 27th June.
- Napa outreach singing day.
- Year 6 Graduation and Performance - 11th July.
- Summer Fair 12th July.
- Break up for summer holidays - 19th July.

Readers of the Week

Foundation Stage - Mackenzie O

Year 1 - Jaxon-Tyler W

Year 2 - Layla W-S

Year 3 - Andre O

Year 4 - Connor K

Year 5 - Ruby-Leigh J

Year 6 - Aleesha L-M

The children have worked really hard this week again. In maths, we have mastered subtraction and have put these into some money problems. In literacy, we have come to the end of our non-chronological report unit, and the children have produced some fantastic pieces of work to be put on display. Curriculum this week has focused on recycling, and producing a persuasive text to encourage people to recycle. These will be going on display around the school. The children enjoyed rehearsing their NAPA performance again this week, and it is looking amazing! Have a great weekend everyone. **Mrs Corcoran - Year 4.**

We've had a wonderful week in year 2! In maths, we've proven ourselves to be experts at measurements; we can read scales even when numbers are missing! We demonstrated our skills with reading millilitres by creating our own magic medicines, inspired by George! We have continued writing our draft reports in literacy, celebrating what we have loved and done well with this year. In guided reading we have developed our summarising skills as well as making further inferences about Grandma in 'George's Marvellous Medicine'. We have planned and started some experiments with seeds to decide whether or not bigger seeds produce bigger plants - we can't wait to find out the results! **@MrRhodesY2 & Miss Jones**

Year One have worked extra hard this week! In Literacy we have continued working on the 'Bubbles' story we started last week. We have looked at the different worlds in the story and also sequenced the pictures. In Maths, we have been developing our understanding of multiplication through arrays. In curriculum, we have also been planting more seeds and looking at whether the biggest seed grows into the tallest plant. We have enjoyed making Father's Day cards this week and are looking forward to hopefully competing in Sports Day next Friday! (Weather Permitting!) Well done, Year One. **@MissDevaneyY1**

In year 3 this week we have been investigating perimeter in maths and have been using our addition skills. In literacy we have really enjoyed interviewing each other and acting as journalists. We are now ready to start editing and improving our final newspaper article. In guided reading we have been reading our class text 'Charlotte's web' and have been comparing non-fiction and fiction texts. On Thursday we had an author, Mr Peter J Murray, come into our school and spend the morning with us. We thoroughly enjoyed his interactive performance and we are now looking forward to reading his books. In P.E. we played our first game of quick cricket and we are looking forward to playing it on the field next week, fingers crossed the sun shines! Another fabulous week in year 3, well done! **Miss Armitage**

This week in the Foundation Stage, we have started our new topic 'The Seaside'. We started by discussing and creating a mind map of our thoughts around the seaside. We have looked at the different activities you can do at the seaside. FS1, in Maths have been looking at how we can use positional language to describe our relative place- they have done extremely well with this. Next week, we are going to be reading 'The Fish Who Could Wish' and linking it to rhyming. Fingers Crossed we have nice weather for Sports Day!! **CravenEYFS**

We have been super busy this week in year five! On Monday, we started to work on metric measure in maths, using our transferable skills to help us convert from different units of measure. In topic, we have been developing our first aid skills and learning about what we can do in an emergency, as well as exploring different recyclable materials and improving our public speaking skills. In guided reading, our focus has been on the author's choice of language this week and we have enjoyed exploring the different techniques used within the book. On Tuesday, we rehearsed our NAPA performance and have started to make final preparations for our big show which is coming up in a few weeks. On Thursday and Friday we were lucky enough to be visited by our Patron of Reading, Peter Murray, who shared some scary stories with us and helped us write our own. Have a great weekend! **@Y5MissMellors**

A fun-packed week this week - we have made a start on our rehearsals for the end of year production. We have continued with our writing portfolios but have also found time this week to explore some Year 7 algebra work which the children did brilliantly with. We did some curriculum work and looked at the important role each individual plays in working effectively as a team. Wednesday afternoon we had First Step Wild and looked at minibeasts. Thursday and Friday we were lucky to have a visit from the author Peter Murray, who shared his work with us and gave us some tips on how to be top writers! Have a lovely weekend. **@MrsOCraven**

Safeguarding

At Craven Primary Academy, the welfare of all our pupils is of great importance to us and we hope that parents are confident about their children's health and safety whilst in our academy. We will always try to share any concerns we have with parents. However, there are times when we are legally obliged to share our concerns with other agencies, without first speaking to parents, or without the consent of parents. The safety and protection of our pupils is our most important concern and we wish to reassure you that any sharing of information is done with the children's best interest at heart. If you have any concerns about the welfare or safety of any child in our school, the Child Protection Officer's are Mrs Welbourne and Mr Gillen. They can be contacted through the school office. The academy has a duty to inform parents that they are prohibited on reporting or publishing details (including on social media) that could identify anyone who is subject to an allegation.
