

September 2019

**Save Our Planet - Operation Beach Clean**

As Craven is striving to improve the environment around us and make a positive impact on our school and community, we are pleased to announce we will be involved in National Beach Clean Day. Your child has been given the fantastic opportunity to take part in a beach clean and will learn about how litter damages our world and the importance of looking after our planet. They will follow this up with activities in school around sustainability.

The visit will be on **Friday the 20<sup>th</sup> September at Hornsea beach**. Half of the class will visit the beach in the morning between 9am and 12pm and the other half of the children will visit the beach during the afternoon between 1pm and 3pm. This enables us to use our minibus which keeps the cost of the trip low.

We would also appreciate some parent volunteers on this trip. Please indicate on the slip below if you would like to take part in the beach clean-up with our children. We will contact you should we need your help.

Yours Sincerely,

Miss Armitage  
Year 3 Teacher

.....

I am happy to accompany the school to Hornsea Beach on Friday 20<sup>th</sup> September to assist in the Beach Clean Operation.
