

Attendance
Whole school: **97.8%**
We have reached our target of 96%, but let's try and improve this next week!
Our attendance target for the year is 96%.
Well done to Year1 and Year 4 for winning this week's attendance!

Year 1
98.6%

Year 6
97.4%

Year 2
98%

Year 3
95.9%

Year 4
99.3%

Year 5
97.9%

Attendance and Lates: Any children who arrive after their class start time will have to report to the main office and will be registered late. **The law requires pupils to attend school regularly and this includes arriving on time each day.** If you have any concerns about your child's punctuality please talk to us.

thank you!

A huge thank you to everyone for supporting our Bright Non- Uniform Day we have raised £288.10 for Cancer charities. The children looked fantastic in their bright clothes and also enjoyed a cup of hot chocolate this morning whilst reading a book.

Year 6 Parents

If your child is in year six you must apply for a secondary school place by **31 October 2020**. You must apply to the council with your preferences of secondary schools for your child, even if the school you want is not in Hull.

To make your application register for the My School Portal at Hullcc.gov.uk. Applications can be submitted or amended up to midnight on the 31 October. Alternatively you can request an application form by contacting 01482 300 300.

Message from Mr Phillips

Hello Craven families!
It has been another fantastic week in Craven. Just look at those class attendances! You are all doing a brilliant job in ensuring that your children arrive at school every day and are able to make the most of the amazing education that we offer. Thank you all so much, especially considering the challenges I know you all face in the current climate.

Winstanley day- Thank you all for donations today in our Winstanley Day. We have raised £300 and this will be divided up equally between three charities who are very close to the academy's heart: Cancer Research UK, Macmillan, and Marie Curie. These are all worthwhile causes I am sure you will agree. Today was a day where we remembered the amazing person that Mrs Winstanley was. She made a difference to so many family's lives and was always there to support them in some of their hardest times. She was a loving and outgoing individual who is remembered fondly by both children and staff. Mrs Winstanley's family donated a cup last year which is given to someone who has shown the same qualities as Mrs Winstanley: bravery, kindness, and positivity! I am really proud to able to say that Keira is the winner of this terms Winstanley Cup! Well done Keira; you superstar!

Parents Evening - Next week we will be asking you to sign up for parents evening, which will start on the 12th October. These will be carried out during the day and over the phone. We have created a morning slot and an afternoon slot to allow a little bit more flexibility. Details of how to sign up to parents evening will be sent to you.

Zoom Consents - Can those parents who have not returned the Online Accessibility Survey which includes consenting to Zoom lessons, please do so. These are really important! In the unfortunate circumstance that we would have to close down, we need these consents to be able to carry on and deliver education to your child at home. Please return these. Have a lovely weekend everyone!

- Stars of the Week**
- Foundation 1 - Amelia

Year 1 - Azad
Year 2 - Mackenzie
Year 3 - Sophia
Year 4 - Ollie
Year 5 - Hailie
Year 6 - Dylan

This week year 2 have been super busy! In writing, we have made some amazing Bug Hotels and wrote fantastic instructional pieces to help others make them too. This linked ever so nicely to our Science, where we investigated micro habitats and the huge impact mini creatures have on our environment. In maths, we have worked all week in partitioning numbers to 100 in different ways. We have enjoyed doing our history lesson on understanding what the terms 'past' and 'chronology' mean. Today has been lovely, raising money for a charity that means a lot to many of us and specially in the loving memory of Mrs Winstanley that we all miss very much. Thank you all for your ongoing support. **Mrs Page Year 2**

We have been hard at work this week as we get to grips with our new writing genre: instructional writing. We used books and informational texts to research information about the Stone and Iron Ages and have made a great start planning our instructions. In topic we have looked at islands and their physical features. In maths we have made lots of progress with our place value knowledge, specifically focussing on adding and subtracting hundreds. In reading we started to explore our class text this week and made some interesting predictions about what we think will happen in the story. On Thursday we had lots of fun completing our final pedestrian skills training session. Have a great weekend!

Miss Mellors Year 3

Year four have worked incredibly hard again this week. We have been doing lots of work on our times tables and have already made progress which is brilliant! In literacy, we are looking at how to write formal letters after receiving a letter from the local wildlife trust who said they needed our help in spreading the message about environmental change! In reading, we have been predicting what might happen in The Iron Man, and we will find out if we are correct as we read further into the book. We have also set up a weekly battle against year 3 on Times Table Rockstar's and are determined to win! Keep practicing and have a great weekend. **Miss Holmes Year**

Another brilliant week in Year 1 this week. We have started to explore our new whole class read, 'Dogger' and the children have been predicting what they think will happen in the story. They have had some fantastic ideas! In literacy, we have started our new unit on stories with familiar settings and where better to start than investigating Little Red's lost basket. In science, we have started to investigate animals and classifying them into groups. We have shown fantastic resilience with our phonics as always and it is really starting to show in the children's reading skills. We hope you all have a fantastic weekend.

Miss Cooper Year 1

We've got lots to report on in Year 5 this week! In maths we have been working on place value of numbers up to a million. In reading we have been making predictions about our new class book, Floodland. We've been looking at non-chronological reports in our writing lessons and we will be writing our own next week. We also started our Anglo-Saxons and Vikings topic this week. Have a great weekend!

Mrs O'Loughlin Year 5

In a **turnip** for the books The Foundation Stage have **bean** continuing to learn all about growing and planting vegetables. The writing area has **bean peppered** with fantastic examples of work and the reading area has transformed into an enormous turnip. Outside we have had a splashingly good time using water pistols and hose pipes to put out tricky word fires as well as playing lots of traditional games like What time is it Mr Wolf and Duck Duck Goose. We can't wait for next week to learn all about the changing season as we turn over a new leaf and start a new mini topic all about Autumn.

Mr Kelly & Miss Kirby FS

Year 6 have had another week full of success! In science, we fully enjoyed using microscopes to explore a range of different fungi and algae while learning more about microorganisms. In guided reading, we have really enjoyed getting stuck into our new whole class read - 'Black Powder' - and exploring the historical context of when the story takes place. We have also been carrying out lots of fun activities in our topic work, including evaluating the credibility of websites and creating a timeline of notable Victorian events. A huge congratulations needs to be shared, too! Dylan is the first pupil in our year six class to score full marks on our weekly arithmetic test, which is a fantastic achievement so early into the school year - well done! Who will join him next? Have a lovely weekend, year sixes!

Mr Rhodes Year 6

Safeguarding

At Craven Primary Academy, the welfare of all our pupils is of great importance to us and we hope that parents are confident about their children's health and safety whilst in our academy. We will always try to share any concerns we have with parents. However, there are times when we are legally obliged to share our concerns with other agencies, without first speaking to parents, or without the consent of parents. The safety and protection of our pupils is our most important concern and we wish to reassure you that any sharing of information is done with the children's best interest at heart. If you have any concerns about the welfare or safety of any child in our school, the Child Protection Officer's are Mr Phillips, Mrs Hartmann, Mrs Hamby and Mr Gillen. They can be contacted through the school office. The academy has a duty to inform parents that they are prohibited on reporting or publishing details (including on social media) that could identify anyone who is subject to an allegation.
