

Craven Primary Academy Sport Premium Report 2022-2023

In 2022-2023, Craven Primary Academy will receive PE funding. The funding will be used in a variety of ways to further improve and develop teaching and learning across the whole academy. We will encourage pupils to continue to lead healthy lifestyles, enjoy PE and Sport and experience high quality teaching. They will be encouraged to take part in competition and aim for sporting excellence and also to take part in a range of wider opportunities and experiences. We have a strong commitment to support teachers to develop their skills and knowledge to enhance the quality of the teaching of physical education. Through monitoring and evaluation the academy recognises the positive impact on the quality of teaching of PE and the need to use our funding in different ways. Having already seen impact of the funding from the previous years, we hope for this additional funding to have continued and sustained impact on provision of PE and sport within our academy.
